VINARIJA KOVAČEVIĆ

Vina četvrte generacije

Vinarija
KOVAČEVIĆ

VINARIJA KOVAČEVIĆ ima tradiciju gajenja vinove loze dužu od 100 godina, a 2001 godine izgrađena je nova vinarija u koju je ugrađena moderna vinarska oprema i primenjuju se kako savremena tehnologija tako i tradicionalna metoda proizvodnje vina. Tada je vinarija proizvodila oko 10 000 litara vina, da bi se iz godine u godinu proizvodnja vina povećavala za oko 50% i danas iznosi 600 000 boca godišnje.

__Miroslav Kovačević__ je treća generacija vinogradara i vinara u svojoj porodici. Svoju robnu marku napravio je 2001 godine, kada proširuje svoje kapacitete i podiže kvalitet proizvodnje, što ga svrstava u jednog od lidera među proizvođačima u Srbiji.
